

Possible applications include :

Swinging gates

Features

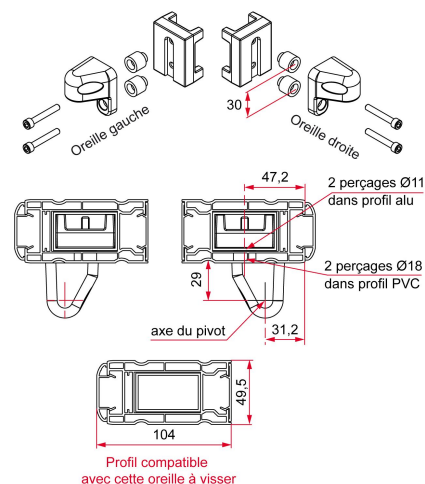

- Aluminium ear
- Crude aluminium spacers insert
- Composite friction ring Ø12

Tip

- The screw-in ears with their fastening inserts are specific to some integrated frame profiles on the market (please contact us).

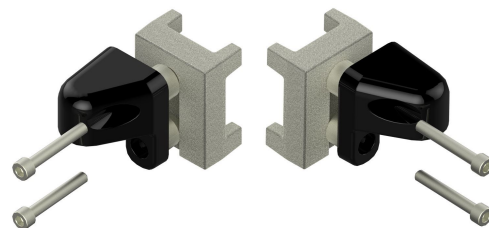

To ensure that the hinge remains firmly attached to the leaf, these ears must be assembled with an insert in the integrated frame.

Possible applications include :

Swinging gates

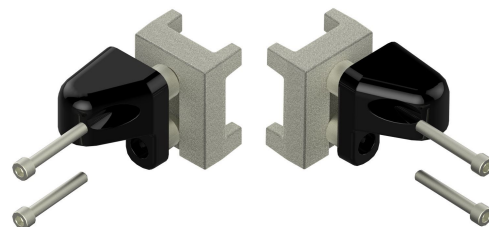

Screw-in ear - Ø12 - spacer of 9.2mm thickness for built-in frame - 50x30

Possible applications include :

Swinging gates
